

CECOS University invites applications for the positions in the Department of Electrical Engineering.

Lecturer (Electrical Engineering)

Qualification: First Class Master's Degree (MS/MPhil or equivalent, 18 years of education) in Electrical Engineering **or other relevant discipline** from an HEC-recognized University/Institution.

Academic Requirement: No 3rd division in the academic career (one 3rd division is permissible only for PhD degree holders).

Experience: Not mandatory; however, relevant teaching, professional, or research experience will be considered an added advantage.

Publications: Not mandatory; however, research publications in HEC-recognized journals will be considered an added advantage.

Additional Requirements:

- Valid/Active PEC Registration.
 - Familiarity with digital academic and campus management systems, including Academic ERP and Learning Management Systems (LMS), will be considered an added advantage.
-

Lab Engineer (Electrical Engineering)

Qualification: Bachelor's Degree in Electrical Engineering from an HEC-recognized University/Institution.

Academic Requirement: No 3rd division in the academic career.

Experience: Not mandatory; however, relevant laboratory, technical, industrial, or professional experience will be considered an added advantage.

Additional Requirements:

- Valid/Active PEC Registration.
 - Familiarity with laboratory equipment, testing procedures, and digital laboratory or campus management systems will be considered an added advantage.
-

Lab Assistant (Electrical Engineering)

Qualification: Diploma of Associate Engineering (DAE) in Electrical Engineering or **other relevant discipline** from a recognized Board of Technical Education.

Experience: Relevant laboratory or professional experience is required.

Additional Requirements:

- Ability to assist in laboratory operations, maintenance of equipment, and practical sessions.
- Familiarity with laboratory safety procedures and basic computer applications will be considered an added advantage.

General Instructions for Applicants

- Applicants must ensure that their CV is submitted as a text-searchable PDF (not a scanned image).
- Please monitor your Email Inbox, Spam, and Junk folders regularly, as all communication regarding tests and interviews will primarily be made via email.

Last date for receipt of applications: August 2, 2026. Visit our website in order to apply: cecos.edu.pk/careers
